## **Parent & Student Handbook Sidney Community School**

### **Sidney Community School Mission Statement:**

**The Sidney Community School District mission is to prepare responsible citizens who are life-long learners. Through a partnership with students, staff, parents, and community, we will create a nurturing, disciplined, and challenging learning environment.**

### **Notice of Nondiscrimination**

Students, parents, employees and others doing business with or performing services for the Sidney Community School District are hereby notified that this school district does not discriminate on the basis of race, color, age, religion, creed, national origin, sex, marital status (for programs), socioeconomic status (for programs), sexual orientation, gender identity or disability in admission or access to, or treatment in, its programs and activities.

The school district does not discriminate on the basis of race, color, age, religion, creed, national origin, sex, marital status (for programs), socioeconomic status (for programs), sexual orientation, gender identity or disability in admission or access to, or treatment in, its hiring and employment practices. Any person having inquiries concerning the school district's compliance with the regulations implementing Title VI, Title VII, Title IX, the Americans with Disabilities Act (ADA), § 504 or *Iowa Code* § 280.3 is directed to contact: Tim Hood, Superintendent of Schools, who can be reached at 374-2141; or Mrs. Jessica Athen – Compliance Officer, who can be reached at 374-2141. Mrs. Jessica Athen has been designated by the school district to coordinate the school district's efforts to comply with the regulations implementing Title VI, Title VII, Title IX, the ADA, § 504 and *Iowa Code* § 280.3.

The school district, in its educational program, has a process to assist students experiencing behavior and learning difficulties. The Teacher Assistance Team is responsible for this process. Representatives from the area education agency may also assist the school district in this process. Parents wanting access to this process should contact Jessica Athen, Guidance Counselor at 712-374-2141.

### **Human Growth and Development**

The school district provides students with instruction in human growth and development. Parents may review the human growth and development curriculum prior to its use and have their child excused from human growth and development instruction. Parents should contact the principal if they wish to review the curriculum or to excuse their child from human growth and development instruction.

### **Jurisdictional Statement**

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration, and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students are expected to treat teachers, other employees, students, visitors, guests, and others with respect and courtesy. Students may not use abusive language, profanity, or obscene gestures or language.

### **Definitions**

In this handbook the word “parent” also means “guardian” unless otherwise stated. An administrator’s title, such as superintendent or principal also means that individual’s designee unless otherwise stated. The term “school grounds” includes the school district facilities, school-owned or school-operated buses or vehicles, and chartered buses. The term “school facilities” includes school district buildings. The term “school activities” means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

# **ATTENDANCE and SCHOOL DAY POLICIES**

## **Arrival and Dismissal**

Secondary classes begin at 8:15 a.m. and dismiss at 3:22 p.m. Students are expected to leave the school grounds within 15 minutes of dismissal.

### **Secondary**

To ensure the safety of the secondary students, every vehicle will enter at the west entrance of the school and deposit students at the north door. Those students who drive will park in the two lots east of the building and enter through the north door of the building. When leaving the building, vehicles will leave through the bottom (east) drive. Buses will load and unload at the north door. **Vehicles may leave until the buses are ready to leave. Once the buses are ready to leave all vehicles must yield until all of the buses have left the parking lot.** Parents picking up students should park going down the driveway or in the east parking lot.

## **School Safety**

### **Secondary**

Secondary students have the option of either riding a bus or riding/driving a vehicle to the Knox Road site. As there is no sidewalk to the Jr/Sr High School, walking is not a permissible way to get to school. Town students should note in the newsletter the bus pick-up locations and times in order to ride the bus to the Jr/Sr High School building.

## **Inclement Weather**

When school is canceled because of inclement weather prior to the start of the school day, students and parents will be notified over KMA radio - 960 AM and Omaha television stations. The missed day will have to be made up at a later date. If school is dismissed because of inclement winter weather after the school day has begun, parents are also notified on KMA radio. Notifications for inclement weather will also be sent out via JMC. **Extra-curricular activities or practices scheduled will be canceled for the day or evening of a day when school is canceled or dismissed early.**

## **Attendance and Absenteeism**

Regular attendance is very important to the success of children in school. Therefore, we encourage students to develop consistent attendance patterns. While a student can make up work missed during or following an absence, a lost day can never be made up. Going to school is a full time, not part time, job. Many employers consider attendance of equal importance to scholarship. Parents and students carry the main responsibility for attendance. Students who meet this responsibility should be rewarded for their dedication.

Student illness or some other urgent necessity should be the only reasons for absence or tardiness. ***Students who wish to participate in school-sponsored activities must attend school at least one-half of the day of the activity unless permission to miss school has been given by the principal ahead of time.***

## **Leaving School Early**

### **Secondary**

Students wanting to leave school early must present a slip to the office before 8:15 a.m. signed by the parent stating the reason why they are to be dismissed early and at what time the student is to be dismissed. The parent may call the office and notify the secretary as well. All excuses to leave early should be held to a minimum. In case of a family emergency, students may be excused by a telephone call from parents.

Students excused more than 50% of the morning or 50% of the afternoon, whether excused or unexcused, will still be counted absent on the daily roll toward perfect attendance.

### **Secondary Attendance Policies**

In order to receive the maximum benefit from the instructional program, Sidney Community Jr/Sr High School students are expected to attend school on a regular basis and to be on time. Irregular attendance or tardiness both hinders the student's own studies and interferes with the progress of those students who are regular and prompt in their attendance.

Students who are absent from class for any reason are responsible for any work they may miss. Students should make every attempt to communicate with their teacher to recover as much credit as possible. Work that is not made up may easily result in lower grades and possible missed credits.

### **Absences**

There are two types of absences: excused and unexcused. When a pupil is absent from school, the parent or guardian must notify the school of the absence and the nature of the absence. Students need to report to the office with a note when they return.

Students will be encouraged to make non-school related appointments after regular school hours. For those occasions when students must be gone for appointments, the office must be notified of the nature of the absence. Students need to sign in and out at the office for an appointment.

If parents know their child is going to be gone from school for an extended period, they need to notify the school of the length and nature of the absence. Students are required to get homework/assignments from their teachers prior to the absence.

### **Truancy. Code 501.10**

Truancy is the failure to attend school for the minimum number of days established in the school calendar by the board. Truancy is the act of being absent without a reasonable excuse. These absences shall include, but are not limited to, (tardiness, shopping, hunting, concerts, preparation, or participation in parties and other celebrations, and employment). Truancy will not be tolerated by the board. The county attorney will be notified in the case of excessive absences.

### **Notification of Absences**

Parents are asked to notify the school of their student's absence by calling the school at 374-2141 each day the student is absent. The absence will permanently remain unexcused if notification from the parent (by phone or written note) has not been received within one day of the student's return. The school will attempt to contact parents at home or at work if the student's absence has not been verified.

### **Excused Absences**

To excuse an absence, a parent must notify the attendance center (the main office at the Jr/Sr High School) within one day of the return to school. Students need to report to the office with a note when they return. The following are examples of excused absences:

1. Personal illness
2. Serious illness or death in the family
3. Funerals
4. Court appearances
5. Medical and dental appointments unable to be scheduled at other times

6. Alternative educational experiences such as college visits and competitions
  7. Attendance at a religious service or to receive religious instruction
  8. Other compelling situations and circumstances approved in advance by the administration
- \*School activities are always excused absences. Students are still responsible for missed work.**

### **Unexcused Absences**

Absences for reasons other than those listed above and absences not excused within the allotted time remain unexcused. Unexcused absences may be subject to further disciplinary action as deemed appropriate by the Principal. **The teacher has the authority to issue a zero for work due the day of an unexcused absence.**

### **Excessive Absenteeism**

Attendance will be recorded by period. Students will be marked absent if they are absent for more than ½ of a class period. More than 20 absences per year from any class, for any reason except school-sponsored activities, **may constitute loss of credit for the subject involved.**

Regular school attendance is essential to the success of students in their academic career. To assist with, and ensure development of consistent school attendance, the School District will take the following actions when the corresponding amount of absences is accumulated within a single school year:

- a. Five (5) Absences – A letter will be sent to the student’s parent or guardian noting that said student has accumulated five (5) absences (excused or unexcused) and reminding the student and parent or guardian of the School District’s Attendance Policy.
- b. Ten (10) Absences – An additional letter will be sent to the student’s parent or guardian noting that said student has accumulated ten (10) absences (excused or unexcused) and reminding the student and parent or guardian of the School District’s Attendance Policy. The second letter will include the School District’s Doctor’s Note form along with the suggestion that any individual absence seeking to be excused for medical reasons shall be accompanied by said Doctor’s Note form completed by the treating physician or licensed medical professional.

In addition to the letter, the School Resource Officer or School Truancy Interventionist will make contact, either via telephone or in-person, with the student and parent or guardian to discuss the accumulated absences and plans for attaining regular and consistent school attendance.

- c. Fifteen (15) Absences – A meeting will be scheduled with the student, parent or guardian, and school administrators or designees to discuss and execute an Attendance Cooperation Agreement. The Attendance Cooperation Agreement will include such terms as consequences for breach of the Agreement, up to and including referral to the County Attorney’s Office for a formal mediation and Mediation Agreement. Upon execution, the Attendance Cooperation Agreement will remain in effect for the period of one (1) calendar year.
- d. Sixteen (16) or More Absences – Upon breach of the Attendance Cooperation Agreement, but at most after accumulation of no more than two (2) additional unexcused absences, the student and parent or guardian shall be referred to the County Attorney’s Office for formal mediation. At mediation, the parties will execute a Mediation Agreement pursuant to Chapter 299 of the Iowa Code. Upon execution, the Mediation Agreement will remain in effect for the period of one (1) calendar year. Any violation of the Mediation Agreement is considered a criminal law violation and will be prosecuted by the County Attorney’s Office

**\*\*\*Parents will be notified if the attendance committee recommends referral to the Truancy Officer for class/school attendance. Within 5 school days of notification, the parents may request a hearing with the attendance committee to discuss the recommendation. The parents may also request the opportunity to discuss the recommendation with the Board of Directors.\*\*\***

**Extenuating circumstances, such as extended illnesses, will be examined on a case-by-case basis. The administration, attendance committee, and the Board of Directors reserve the right to ask for a physician's justification for prolonged or extended absence.**

If a student should lose credit for excessive absences, required classes must be retaken for credit. A student need not retake an elective class, but the failing grade will be calculated into the student's grade point average.

### **Make-Up Work**

Students who are absent have the opportunity to make up class work missed for full credit if turned in by the extension deadline. The student has the responsibility to initiate procedures to complete assignments missed in each class during the absence. Students should be aware that some classroom activities and group projects might not lend themselves to make up work. The alternative may be related make up work being assigned.

A student has one day plus the number of missed days to turn in assigned make-up work. Example: 2 days absence = 3 days to complete make-up work. Teachers have the option of extending the deadline based on individual circumstances. Students may receive zero credit for make-up work handed in past the deadline.

**\*If the student is present when work is assigned, and absent when it is due, the work should be turned in immediately on his/her return.**

Students placed on in-school suspension or out-of-school suspension, short term or long term, will be given their regular daily assignments, etc. by their teachers and will receive academic credit if their class work is made up by the time the student reports back to classes. It is the responsibility of the student to see that the completed assignments are turned in to his or her teachers and to make arrangements to take tests/quizzes or finish projects.

### **Tardies**

The tardy bell rings at 8:15 am each morning except on Monday when the tardy bell rings at 9:45 am. Each student will be allowed two unexcused tardies per semester. **The third and subsequent tardies will result in disciplinary action.**

**Tardy discipline enforced by the administration includes:**

**1st - 2nd Tardy = Warning**

**3rd - 5th Tardy = Lunch Detention**

**6th - 10th Tardy = After School Detention**

**11th + Tardy = In School Suspension**

### **Check-In and Sign-Out Procedures**

Students arriving late to school or leaving before the end of their scheduled day must report to the main office. Students cannot leave during the school day without permission (including lunch time). Students must verify appointments at the time they sign out from the main office. Failure to follow this procedure will result in disciplinary action.

Students will not be allowed to go to their cars during the day without an Administrator or School Resource Officer accompanying them. Students who wish to go to their cars during the day must check in with the main office to request assistance prior to leaving the building. Students must enter and exit the building through the north doors.

### **Attendance and Activity Participation**

All students participating in activities must be in school at least four (4) periods (half of the student's schedule) on the day of an activity or event, or Friday if it is a Saturday activity or event in order to participate. This applies to practice as well. The reason for leaving must have a valid excuse (doctor appointment, school activities, etc.). If the reason for leaving is a doctor's appointment, a signed doctor's note must return to the school in order for that student to be able to participate in the activity that evening. Also, students that leave ill will not be allowed to participate in the activity that evening. Students that are known to have skipped any given class throughout the school day will be ineligible for activity participation that evening. **The building principal will approve exceptions.** Failure to comply will cause the student to be ineligible to compete.

Students who are in In-School Suspension (ISS) may practice, but cannot participate in competition, and may not attend school activities unless they are required by the activity coach/sponsor until their suspension is over. Students that are in Out of School Suspension (OSS), may not practice, participate, or attend school events or be on school premises until their suspension is over. In-School Suspensions are considered served at 3:30 p.m. on the last day of the assigned suspension. Out-Of-School Suspensions are considered served at 7:25 a.m. on the morning of their return.

### **Student Work Policy**

Students **will not be excused** for work during the school day. Exceptions may be made in the case of an emergency. A student must have his/her parent call the school to explain the situation prior to leaving school. No regular employment outside the school during school hours will be accepted. Students without permission from the administration prior to leaving the school to work in an emergency situation will not be excused and will be required to make up this time.

### **College Visits**

Seniors and juniors are encouraged to visit college campuses on weekends or school holidays. However, if that cannot be arranged, juniors/seniors may be excused up to 2 days to visit college campuses with the permission of the Guidance Counselor and with a note signed by the student's parent. Only a total of 2 days may be taken during the junior and senior years for college visits.

### **Compulsory Attendance**

Students who are under sixteen years of age by September 15 are required to attend school on a regular basis. Violations of the compulsory attendance law by students may be reported to the Fremont County Attorney.

## **BUS POLICIES**

### **Bus Assignment**

Students must ride to and from school on the bus assigned for their transportation unless written permission from the parent is presented and approved by the office for a change. Changes in drop-off/ pick-up sites must be on the driver's regular route.

### **Transportation of Students**

The school will furnish transportation for activities. All participants (musicians, athletes, cheerleaders, etc.) will be required to ride both ways via school transportation. **The only exceptions will be written requests made by the student's parents and cleared by the administration.** For the convenience of the parents, they may bring their student home in their cars with the sponsor's permission. Students riding buses must also abide by regulations. Expulsion from said activity will be the penalty for disobeying this rule.

### **Notice of Video Cameras on Buses**

The Sidney Community School District Board of Education has authorized the use of video cameras on school district buses. The video cameras will be used to monitor student behavior to maintain order on the school buses, and to promote and maintain a safe environment. Students and parents are hereby notified that the content of the

videotapes will only be retained if necessary for use in a student disciplinary proceeding or other matters as determined by the administration.

### **Regulations for Students Riding Buses Code No. 711.2, 711.2R1**

Bus transportation for students enrolled in the school district is one of the requirements set forth by the Iowa State Department of Education. In complying with this requirement, the Board is authorized to establish policies and regulations that will ensure safe transportation for all students.

Although the law requires the district to provide transportation, it does not relieve parents from the responsibility of supervision until such times as the child boards the school bus and after the child leaves the bus at the end of the school day. Nor does it relieve students from the responsibility to behave in an orderly and safe manner on the bus. School bus transportation is a privilege that can be taken away any time a student's conduct is considered severe enough to jeopardize the safety of the other passengers. The right of safe transportation will not be taken from an entire bus load of students because a few of them disobey the rules.

Those students guilty of flagrant, repeated, or gross disobedience or misconduct on school buses are subject to suspension within the guidelines of the district's Student Suspension Policy, Code No. 503.1R1.

Continued violation of bus rules will be considered sufficient cause to refuse to transport the student(s) involved and may lead to suspension from school, depending upon the seriousness of the matter.

The bus driver shall have complete control of the bus and the student he/she is transporting for the duration of the bus ride. Any problem arising with a student will be promptly reported to the building principal who shall discipline the student in accordance with procedures developed by the superintendent and approved by the Board.

#### **School Bus Regulations**

1. Bus riders shall be at the designated loading point before the bus arrival time.
2. Bus riders shall wait until the bus comes to a complete stop before attempting to enter.
3. Riders must not extend arms or heads out of the windows at any time.
4. Aisles must be kept cleared at all times.
5. All bus riders shall load and unload through the right front door.
6. A bus rider will depart from the bus at the designated point unless written permission to get off at a different location is given to the driver.
7. A rider may be assigned a seat by the driver.
8. Riders who damage seats or other equipment will reimburse the district for the cost of the repair or replacement.
9. Riders are not permitted to leave their seats while the vehicle is in motion.
10. Permission to open windows must be obtained from the driver.
11. Classroom conduct is to be observed by students while riding the bus except for ordinary conversation.
12. The driver is in charge of the students and the vehicle, and the driver is to be obeyed promptly and cheerfully.
13. Students shall assist in looking after the safety and comfort of younger students.
14. Students shall not throw objects about the vehicle nor out through the windows.
15. Students shall keep feet off of the seats.
16. Roughhousing in the vehicle is prohibited.
17. Students shall refrain from crowding or pushing.
18. Helium balloons are prohibited on the bus.
19. The use or possession of alcohol, tobacco or look-alike substances is prohibited in the vehicle.
20. The Good Conduct Rule is in effect.

NOTE: FAILURE TO FOLLOW THESE REGULATIONS MAY RESULT IN SUSPENSION FROM THE BUS.

The following procedures will be used to enforce the previously listed bus rules.

**FIRST OFFENSE:** Bus driver will visit with the student individually. The incident will be reported to the building principal on the reporting form. Depending on the offense, the bus driver and/or transportation director may contact the parent and/or suspend the student from riding the bus.

**SECOND OFFENSE:** Bus driver will report the incident, on the form provided, to the building principal. The principal and/or transportation director will meet with the student and report the incident by phone or letter to the parent and may suspend the student from riding the bus. The parent will be advised that a third offense will result in the student being suspended from the bus for a minimum of one day.

**THIRD OFFENSE:** When a student is reported for a third offense, the principal will suspend the student from the bus for a minimum of one day. The principal may suspend the student from the bus for a longer period of time if he/she determines the offense to warrant a longer suspension. The principal and/or transportation director will have a conference with the parent and student.

**FOURTH OFFENSE:** When a student is reported, on the form provided by the driver, the student will be suspended from the bus for a minimum of one week. The student may be suspended for a longer period of time if the administration determines the offense to deserve a longer suspension. Before the student will be eligible to return to the bus, a parental conference will be held with the principal and/or the superintendent. For a more serious offense, it may be determined that the parent and student will meet with the Board of Directors before being admitted on the bus.

## **Grade Reports. Code No. 505.1**

### **PreK-12 Report Cards**

Students receive progress reports in the form of report cards at the end of each quarter and semester. **Students who have concerns about their grades should talk to their teachers to determine how they can improve their performance.**

### **Secondary**

Students who receive an incomplete in a class must complete the class within 2 weeks after the start of the next quarter. Extensions may be granted by the teacher with the permission of the principal. Failure to finish an incomplete grade may result in a failing grade and loss of credit.

### **PreK-12 Conferences and Grade Notifications**

Parent/Teacher Conferences are held twice during the school year -- during the first and third quarter. **Mid-term reports will be sent to parents/guardians each quarter.** Unsatisfactory reports may also request a conference with the parent, student, teacher, and guidance counselor. Students receiving 2 or more unsatisfactory mid-term reports will be issued passes from study hall for classroom work only.

## **Student Course Load**

All students are required to take seven subjects in an eight - period school day.

## **Eligibility**

### **Eligibility for Students**

Sidney Secondary Faculty believes one of its primary missions is to provide a sound academic education for its students. To emphasize the importance of academics in Sidney, the following criteria will determine eligibility for students:

Eligibility is determined weekly -- from Monday morning to Monday morning. Cumulative, failing grades will be turned in to the front office by Wednesday 3:30 each week or the end of the school week. Students with one F are placed on the Concerned List but are still eligible for participation, unless that F is occurring for a second consecutive week in the same subject area. If the F meets that criteria, the student is ineligible. Students who have two or more Fs are ineligible for 1 week of participation.

Activities include all sports and extracurricular activities. This includes, but is not limited to, games, scrimmages, out-of-district contests, class trips, dances, Iowa Model Session, Prom, and like activities. If a student's grade is contingent to the activity, eligibility is not an issue. Examples would include, but are not limited to, photography or biology field work, home concerts, community service projects, or like activities.

The Eligibility policy will be in place at the end of the third week of each new semester and will continue weekly until the end of the school year.

Students who are ineligible will attend all practices and will attend and dress for events, but will not participate.

### **State of Iowa Athletic Eligibility Rule 36.15(2)**

- a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.
- b. All contestants must be under 20 years of age.
- c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or "hour" or the equivalent thereof, at all times. To qualify under this rule, a "subject" must

meet the requirements of 281—Chapter 12. Coursework *taken from a postsecondary institution and* for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. No student shall be denied eligibility if the student’s school program deviates from the traditional two-semester school year.

(1) Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of this subrule, “grading period” shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades.

(2) *If at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next occurring interscholastic athletic contests and competitions in which the contestant is a contestant for 30 consecutive calendar days.*

d. A student with a disability who has an individualized education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student’s individualized education program.

e. A student who meets all other qualifications may be eligible to participate in interscholastic athletics for a maximum of eight consecutive semesters upon entering the ninth grade for the first time. However, a student who engages in athletics during the summer following eighth grade is also eligible to compete during the summer following twelfth grade. Extenuating circumstances, such as health, may be the basis for an appeal to the executive board which may extend the eligibility of a student when the executive board finds that the interests of the student and interscholastic athletics will be benefited.

f. All member schools shall provide appropriate interventions and necessary academic supports for students who fail or who are at risk to fail, and shall report to the department regarding those interventions on the comprehensive school improvement plan.

g. A student is academically eligible upon entering the ninth grade.

h. *A student is not eligible to participate in an interscholastic sport if the student has, in that same sport, participated in a contest with or against, or trained with, a National Collegiate Athletic Association (NCAA), National Junior College Athletic Association (NJCAA), National Association of Intercollegiate Athletics (NAIA), or other collegiate governing organization’s sanctioned team. A student may not participate with or against high school graduates if the graduates represent a collegiate institution or if the event is sanctioned or sponsored by a collegiate institution. Nothing in this subrule shall preclude a student from participating in a one-time tryout with or against members of a college team with permission from the member school’s administration and the respective collegiate institution’s athletic administration. [This is NOT a substantive change; it clarifies the “college squad” rule.]*

i. No student shall be eligible to participate in any given interscholastic athletic sport if the student has engaged in that sport professionally.

j. The local superintendent of schools, with the approval of the local board of education, may give permission to a dropout student to participate in athletics upon return to school if the student is otherwise eligible under these rules.

k. *Remediation of a failing grade by way of summer school or other means shall not affect the student’s ineligibility. All failing grades shall be reported to any school to which the student transfers.*

### **Eligibility Guidelines for High School Speech and Music**

The guidelines for the Speech and Music Association are similar to the Athletic Associations except for the following language:

*At the end of any grading period a participant receives a failing grade in any course for which credit is awarded, the participant is ineligible to participate in any competitive event sanctioned by the IHSMA or IHSSA or any event that is non-graded (event does not affect GPA) for 30 calendar days from the first day grades are issued.*

## **Academic Integrity Policy**

## **Cheating**

Cheating may be defined as intending to deceive and act dishonestly. Students who knowingly or negligently allow their work to be used by other students or who otherwise aid others in academic dishonesty are as guilty of cheating as the student who receives the material.

## **Plagiarism**

Plagiarism may be defined as using and representing the words or ideas of another, in whole or in part, as one's own. Any use of outside sources without proper acknowledgement will be seen as an intent to deceive by plagiarism. It will be presumed that students who allow their work to be plagiarized also do so with the intent to deceive. Plagiarism applies to words or ideas taken without proper acknowledgement from any source—from published material, from any Internet site, from any material written by another person, from any electronic medium, or from any other source that is not the student's own creation.

## **Consequences of Cheating and/or Plagiarism:**

The teacher will investigate the matter with the student(s) involved. The teacher will then communicate the outcome of the investigation to the building principal. If it is determined that cheating and/or plagiarism has occurred, the following consequences will apply and/or referral will be made to the Committee on Academic Integrity. If the use of school technology is involved, the Technology Acceptable Use Policy may also be enforced. If two or more parties are involved, the consequences will apply equally to all parties. No distinction will be made between those who knowingly or negligently allow their work to be used by other students or who otherwise aid others in academic dishonesty and those students who access or receive the material and/or aid.

### ***First Offense of the School Year***

- The teacher will file a report with the building administrator, a copy of the report will be placed in the student's file, and the teaching staff will be notified.
- Parents/guardians will be notified and a copy of this notification will be placed in the student's file.
- No credit will be given for the work (the student(s) receives a zero).
- The National Honor Society advisor will be notified.

### ***Second Offense of the School Year***

- The teacher will file a report with the building administrator, a copy of the report will be placed in the student's file, and the teaching staff will be notified.
- Parents/guardians will be notified and a copy of this notification will be placed in the student's file.
- No credit will be given for the work (the student(s) receive a zero), and the student(s) will serve one day of in-school suspension.

### ***Third Offense of the School Year***

- The teacher will file a report with the building administrator, a copy of the report will be placed in the student's file, and the teaching staff will be notified.
- Parents/guardians will be notified and a copy of this notification will be placed in the student's file.
- The student(s) will receive an F or the actual percent the student(s) has earned for the quarter, whichever percent is lower.

## **Committee on Academic Integrity**

The teacher, in consultation with the building administrator, may refer the incident to the Academic Integrity

Committee by completing a written request for a hearing. All copies of information and written work pertinent to the charge will be provided to the committee. Reasons for such a referral may include:

- Denial by the student(s) of the charge of cheating and/or plagiarism.
- Several students are involved in the infraction and the scope of the investigation is beyond the capacity of the teacher to investigate.
- Other criteria warrant a broader investigation of the charge.

Upon receiving a referral, the Academic Integrity Committee will:

- Hold a hearing and investigate the charges of cheating/plagiarism.
- In order to assure a student's due process rights, the counselor and parents/guardians of the student will be informed prior to the hearing.
- The student will have an opportunity to appear and may be accompanied by a counselor and/or parent/guardian.
- The committee will interview other staff or students related to the inquiry.
- The disciplinary consequences and outcome of the hearing will be outlined in writing to the student, counselor, and parents/guardians.
- In all cases where a student has been found to have cheated/plagiarized, a formal letter will be placed in the student's file describing the action and confirming the consequence(s) given out by the school.
- The due process rights of students will always be ensured.

The Academic Integrity Committee will make the final decision concerning consequences which may have greater severity than those listed above.

### **Standing Committee on Academic Integrity**

The Committee on Academic Integrity will be a standing committee. It will be formed in the spring of every year to begin its service in the fall of the next school year. Members shall serve for one year. The committee will consist of five members: one administrator and four classroom teachers (each from a different academic area). Decisions of the committee may be appealed within three (3) school days and may be made only on the basis of new evidence.

### **Junior High Advancement**

Academic subjects build upon each other. Success can only be achieved by understanding one step before going on to the next. Jr. High is an essential part of the educational progression to commencement; therefore, seventh and eighth grade students will have to retake English, Science, Math or Social Studies failed both semesters of the previous year. Final decisions concerning junior high advancement will be made through consultation with the parent, instructor, guidance counselor and principal.

For example: Student A failed both semesters of Math 7. That student would take Math 7 during the 8th grade year. Then, Math 8 would be taken as a 9th grade student. A student would be allowed to take both levels at the same time if he/she is able.

### **Service Learning**

#### **Secondary**

Service learning is a form of experiential learning where students apply academic knowledge and critical thinking skills to address genuine community needs.

Service learning is on a volunteer basis. When students decide on a project they would like to participate in, they need to see the building principal in order to finalize plans. Documentation is very important. Volunteer work done for school clubs and organizations will be dealt with one at a time.

Any student who completes 40 hours of service learning during High School (9th-12th grades) will be presented with a certificate and will receive a colored Service Learning cord. The cord will be worn at graduation, and participants will be recognized at the graduation ceremony. A letter of recognition will be added to the student's cumulative file which can accompany the file to the post-secondary institutions, job applications, and recommendation letters. See the building principal for Service Learning forms and more ideas for service learning projects.

### **Post-Secondary Enrollment Options**

The Post Secondary Enrollment Options Act allows students who are high school juniors or seniors to enroll in courses and programs in public or private post secondary colleges, universities, or institutions. Students participating in the program must be within four semesters of completing high school and receiving their diploma. Students who have graduated from high school are not eligible for the options act.

The options act permits students to take courses which are not offered by the high school, courses which are considered enrichment to the high school's regular courses of study within the high school, and courses that lead to an educational degree. Courses are limited to those in the areas of mathematics, science, social sciences, humanities, and in the career option program.

Students involved in Post Secondary Enrollment Option Act will receive the following benefits from the program:

- \* Availability of both high school and college credit for courses taken and successfully completed.
- \* The Sidney Community School District will pay up to \$250.00 per college course if complete successfully. The stipend will be used for tuition and required book costs. Students may take a maximum of two courses per semester.
- \* The opportunity to begin coursework toward a degree program while in high school.

Any student who fails a college course will be required to reimburse the school district for the tuition or \$250.00, whichever is the actual cost to the school. Students interested in Post Secondary Enrollment opportunities should contact Jessica Athen, H.S. Guidance Counselor.

### **College Early Start (Senior Year Plus)**

Iowa Western Community College (IWCC) offers a "Senior Year Plus" Program. 9-12 grade students are allowed to take college classes for high school and college credit. The requirements for eligibility are: students must meet the criteria of the institution including test scores and course prerequisites. In order to participate in the program, students must have demonstrated proficiency in reading, math, and science as evidenced by achievement scores on statewide assessments and/or standardized tests. Students must also take a minimum of two classes at IWCC and four classes at Sidney High School. Students are on a probationary period during the first semester.

### **Graduation Requirements. Code No. 505.5**

Students must successfully complete the courses and time required by the Board of Directors and Iowa Department of Education in order to graduate. Students must successfully complete each grade level, one through twelve, and complete all the required courses of study prior to graduation as determined by the Iowa Department of Education and Sidney Community School Board of Directors.

Only those students who have completed the required classes, credits and time for graduation will participate in graduation exercises and be recognized as Sidney School graduates. Students will have the right to petition the school board in person to have days absent waived due to extenuating circumstances. Those students who do not meet graduation requirements will be encouraged to complete their education at Sidney or at an appropriate secondary site in order to receive a high school diploma.

In order to give Sidney students the rigorous and competitive education they deserve, the Sidney Faculty and Board of Directors have adopted graduation requirements that will impact class choices and the number of credits needed for graduation. It shall be the responsibility of the superintendent to ensure that students complete grades one through twelve and that high school students complete the required number of credits and required classes as stated in this handbook. The required course of study will be reviewed by the board annually.

Graduation requirements for special education students will be in accordance with the prescribed course of study as described in the Individual Education Program (IEP). Prior to the special education student's graduation, the IEP team shall determine whether the graduation requirements have been met.

It shall be the responsibility of the superintendent to ensure that students complete grades one through twelve and that high school students complete 49 credits prior to graduation. The following credits will be required:

Language Arts	8 credits	Science	6 credits
Mathematics	6 credits	Humanities	2 credits
Social Studies	5 credits	Physical Education	4 credits
Health	1 credit	Career and Technical	1 credit
Computer	1 credit	Personal Finance	1 credit
Government	1 credit	Electives	13 credits

### **Early Graduation. Code No. 505.6**

Generally, students will be required to complete the necessary course work and graduate from high school at the end of grade twelve. Students may graduate prior to this time if they meet the minimum graduation requirements stated in board policy.

A student who graduates early will no longer be considered a student and will become an alumnus of the school district. However, the student who graduates early may participate in commencement exercises. Note: Students must apply to the guidance counselor for early graduation. The parent(s) and the student must then meet with the counselor to review the needs and responsibilities of the request. Then, the student and the parent(s) must meet with the Board of Directors before the December regular meeting. Students interested in this program contact Jessica Athen, Guidance Counselor.

## **CONDUCT POLICIES**

### **School Events**

Student conduct at all school events, athletic and otherwise, is an expression of oneself as an individual. Students are to keep it outstanding. Students should remember that they are representing Sidney whenever they attend school functions at our school or out of town. Students are to conduct themselves in such a way that others will be proud of

them. Students should consider what conduct is expected of them during the regular school day; that is what is expected of them at the various activities.

### **Student Activity Program. Code No. 504.6**

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetime.

Students will have an opportunity to participate in a school activity unless the activity is not offered, the activity is an intramural or interscholastic athletic activity, or the student cannot participate for disciplinary reasons. If the activity is an intramural or interscholastic athletic activity, students of the opposite sex will have a comparable opportunity for participation. Comparable opportunity does not guarantee boys and girls will be allowed to play on each other's teams when there are athletic activities available that will allow both boys and girls to reap the benefits of school activities, which are the promotion of additional interests and abilities in the students.

A high school student who participates in school sponsored athletics may participate in a non-school sponsored sport during the same season with approval of the high school principal, athletic director, and the team coach. Such outside participation shall not conflict with the school sponsored athletic activity whether it be practice or games. Students wanting to participate in school activities must meet the requirements set by the school district for participation in the activity.

### **Care of School Property**

Students are expected to take care of school property including desks, chairs, books, lockers, and school equipment. Vandalism is not tolerated. Students found to have destroyed or otherwise harmed school property may be required to reimburse the school district. If library books or other Media Center materials are damaged or not returned, students will be required to pay the replacement cost of those items. Depending upon the nature of damage done to school property, students may be reported to law enforcement officials.

### **Student Lockers. Code No 502.5**

Student lockers are the property of the school district. Students shall use the lockers assigned to them by the school district for storing their school materials and personal belongings necessary for attendance at school. It shall be the responsibility of each student to keep their assigned lockers clean and undamaged.

To ensure students are properly maintaining their assigned locker, the principal of the building may periodically inspect the lockers. Students will be given a twenty-four hour notice of a maintenance inspection. Student lockers may be searched in compliance with board policy regulating a search and seizure. In addition, liquids stored in the lockers must be capped and stored upright.

### **Dress Code. Refer to Code No. 502.1**

There is a strong connection between academic performance, student appearance, and student conduct. Inappropriate student appearance may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on school grounds. Students are expected to adhere to reasonable levels of cleanliness and modesty. **Students are expected to wear clothing that is appropriate to their age level and that does not disrupt the school or educational environment. Students who violate these rules will not be permitted into class until appropriate changes have been made.** The administration makes the final determination of the appropriateness of the student's appearance. Students inappropriately dressed are required to change their clothing or leave the school. Students who leave school will be counted absent until they return. Students may also be assigned a detention. Parent cooperation in this matter is greatly appreciated.

Students are prohibited from wearing clothing advertising or promoting items illegal for use by minors including, but not limited to, alcohol or tobacco and from wearing clothing displaying obscenity, profanity, vulgarity, racial or

sexual remarks, making reference to prohibited conduct or similar displays. Under certain circumstances or during certain classes or activities a stricter dress code may be appropriate, and students must comply with the stricter requirement.

### **Guidelines for proper attire:**

1. When shorts or skirts are worn they need to be mid-thigh or longer in length.
2. Halter tops should not be worn at school
3. Bicycle shorts are not allowed as outer garments.
4. The midriff must be covered.
5. Tops should not be low cut or have an open back.
6. Mesh shirts, tank tops (with less than two inch straps), and muscle shirts should not be worn to school as the only shirt worn.
7. Students are not to wear shoe-skates for safety.
8. Chains, collars with spikes and safety pins are not allowed at school.
9. Hats, caps, or bandannas are not to be in the building during the school day. (except with prior permission from the building Principal)
10. No undergarment is allowed to show.
11. Clothing that is promoting or advertising items that are illegal (marijuana and other drugs)
12. Clothing that is promoting or advertising items illegal for use by minors (alcohol or tobacco).
13. Clothing displaying obscenity, profanity, vulgarity, racial or sexual remarks, making reference to prohibited conduct or similar displays.

### **Driving Cars, Motorcycles, and Mopeds.**

#### **Refer to Code No. 508.7: Student Use of Motor Vehicles**

Rules concerning student-driven vehicles (in addition to state motor vehicle laws) shall be established by the superintendent. Motor vehicles should not be used during school hours unless the principal gives special permission. The principal may withdraw the privilege of driving to school from a student who fails to comply with state law or school district rules.

Students driving cars, motorcycles, or mopeds to school shall park them in the student parking areas and leave them until the end of the school day or at the time of dismissal. If a student has reason to move his vehicle at any time during the day, he/she must receive permission from the office of the principal or superintendent. Motor vehicles will remain parked during each day. If motor vehicles leave without permission, keys will be turned into the office at 8:15 each morning and picked up 15 minutes after dismissal.

### **Interferences in School**

Students may not use radios, cell phones, toys, laser pointers, and other similar items during regular school hours, as these cause distractions to learning. Certain devices may be used with teacher permission for educational purposes. The items will be taken away from the students and **may** be returned at a later date or returned to the parent. Consequences will be assigned by the principal according to the handbook discipline policy.

### **Discipline**

#### **PreK-12 Expectations for Behavior**

Students who exhibit inappropriate behavior in the opinion of the staff and /or administration shall be subject to discipline. Inappropriate behavior includes behavior which disrupts or interferes with the educational program, the orderly and efficient operation of the school or school activity, the rights of other students to participate in the educational process or activity, or the educational atmosphere. The staff is expected to be firm, fair, and consistent in dealing with student discipline. When a discipline problem persists, the principal or teacher may call the parents for a conference.

## **Secondary**

There will not be an assigned detention period. Teachers may make arrangements for detention students to stay either after school or before school to ensure that teachers will be able to stay with students. Any teacher may detain any pupil for discipline or help when needed under the said teacher's supervision. The student will be notified 24 hours ahead of the period to be detained, so he/she may make arrangements for transportation, as the school will not make special provisions for transporting the student home. If more strict discipline is required, a letter will be sent to the parent concerning the nature of the problem, and the parent will be required to accompany the student to school to aid in the solution of the matter. Teachers may call for a parent's permission to detain any student for discipline reasons on the same day. Students will stay either that day, if parents have given permission, or the next day. Teachers will turn in all discipline slips and notices to the office.

**If a student fails to serve detention with the teacher in the agreed upon period of time, the principal will be notified and the student's time will double.**

## **SCHOOL BEHAVIOR POLICY**

### **Introduction**

The purpose of the School Behavior Policy is to establish and communicate standards and consequences for inappropriate student behavior.

The responsibility for children's behavior primarily rests with the parents or guardian. Parents are to accept the following responsibilities: know and support school rules; send pupils to school in the proper state of health, cleanliness, and neatness; maintain an "active interest" in their pupil's progress; cooperate with the school by reading and returning signed communications and by attending parent-teacher conferences.

Students are expected to contribute to the learning environment by respecting the rights of other students and staff members and by accepting responsibility for their own learning and behavior.

The School Behavior Policy is not meant to be an inclusive list of unacceptable behavior. Board policy gives the Board of Education the authority to discipline, suspend or expel any student for "conduct which disrupts the orderly and efficient operation of the school or school activity, conduct which disrupts the rights of other students to obtain their education or participation, or conduct which interrupts the maintenance of a disciplined atmosphere." This can include behavior not specified in the School Behavior Policy which is generally known to be inappropriate, detrimental to an atmosphere of safety and good order, or behavior which is in violation of federal, state, county or city laws and ordinances.

Parents and students who have a good understanding of the discipline expectations outlined in the School Behavior Policy will improve the school's ability to help each student grow to his or her potential. Working as partners in the education of our students can develop the bonds of trust and respect between the school system and parents.

### **FORMS OF DISCIPLINARY ACTION**

**Conference** with the student which may include a parental conference. A conference should be viewed as a warning and as an attempt to change the student's behavior.

**Lunch Detention (LD)** is placement of students in a detention room during the students lunch period. The student is allowed to eat his/her lunch during this time. The student will be responsible for cleaning up the area when they are done eating lunch.

**In-School-Suspension (ISS)** is removal from regular classes for a period of time. Students in ISS will be assigned to a closely monitored area. Classroom work will be provided during the time of suspension. Students who are suspended may not participate in practice or activity or attend a school event until the term of their suspension is over. In-School Suspensions are considered served at the end of the last day of the assigned suspension. On a regular school day ISS ends at 3:30 regardless of the student's normal school day.

**After-School Detention (ASD)** is placement of students in a detention room. The detention room will be open from 3:30 p.m. - 5:30 p.m. The principal or his/her designee may assign ASD. Working for a parent or employer will not be considered a valid reason for failing to serve ASD. Detentions may include helping custodians or a variety of other activities that the associate principal may determine appropriate as part of the consequences for inappropriate behavior. Parents will be notified if their child is expected to serve a detention.

**Saturday School (SAT)** is placement of a student in a detention room from 8:00 a.m. to 12:00 p.m. The principal or his/her designee will assign SAT. Saturday School may include helping custodians or other activities that the principal may determine appropriate as part of the consequences for inappropriate behavior.

**Out-of-School Suspension (OSS)** is removal of a student from the school environment for a maximum of 10 school days. Students who are suspended may not participate in practice or activity, attend a school event, or be on school grounds until the term of their suspension is over. OSS is considered served at 7:25 a.m. on the following school day.

**Expulsion** is removal of a student from school by the school board. On recommendation of the superintendent or his/her designee, the school board may expel a student for commission of gross or repeated infractions of school rules, or when the continued presence of the student will cause substantial interference with the maintenance of the educational environment or the normal operations of the school.

**Level I: To be administered by the teacher.**

Level I offenses are those activities which are classroom specific and not included in other areas of this code. The teacher may pursue the following options: Verbal reprimand, teacher supervised detention, parent contact, conference, or other interventions. Every attempt will be made to notify parents/guardians before the student is suspended out of school. A copy of all disciplinary notices will be sent to the parents/guardians

along with a suspension letter. The Superintendent of Schools will be informed of all out-of-school suspensions. The suspension of special education students will be in accordance with the rules and regulations of special education.

**Disciplinary consequences may require the student to complete counseling, perform community service or school service, or participate in other activities designed to help the student understand and compensate for the consequences of his or her actions. Financial obligations incurred under these situations are the responsibility of the student or family.**

2. Be given the opportunity to admit or deny such charges.

3. Be given an explanation of the evidence against the student if he/she denies the charges.
4. Be given an opportunity to explain the situation.

If after hearing the facts of a case from both sides, the building administrator decides that suspension of the student is warranted, the following steps shall be taken:

1. Inform the student of the suspension, explaining the length and provisions of the suspension and the basis for the decision to suspend.
2. Inform the parent, orally, of the decision to suspend the student and explain the basic facts of the case to the parent.

The Superintendent may extend the suspension upon the principal's request, for a total of no more than 10 days. Re-admission after an extended suspension may occur following a hearing conducted by the Superintendent. The purpose of this informal hearing shall be to determine the most appropriate educational program available for the student or to consider an administrative recommendation to the Board of Directors for expulsion.

The informal hearing shall be attended by the Superintendent, the Principal, the student, the parents, and any other persons deemed appropriate by the superintendent or requested by the parent or the student.

Only the board may take action to expel a student and to readmit the student. It shall be within the discretion of the board to discipline a student dependent on the nature of the offense and circumstances surrounding the offense. The principal shall keep records of expulsions in addition to the board's records.

When a student is recommended for expulsion by the board, the student shall be provided with:

1. Note of reasons for the proposed expulsion.

### **Sexual Abuse and Harassment of Students by Employees. Code No. 402.3**

The school district does not tolerate employees physically or sexually abusing or harassing students. Students who are physically or sexually abused or harassed by an employee should notify their parents, teacher, principal, or another employee. The Iowa Department of Education has established a two-step procedure for investigating allegations of physical or sexual abuse of students by employees. That procedure requires the school district to designate an independent investigator to look into the allegations. The school district has designated Elementary Principal Shannon Wehling as its Level I Investigator and Kimberly Payne, Jr.-Sr. High School Principal, as a Level I Investigator. Level II Investigator is the Fremont County Sheriff.

Physical abuse is a non-accidental physical injury that leaves a mark at least 24 hours after the incident. While employees cannot use physical force to discipline a student, there are times when the use of physical force is appropriate. The times when physical force is appropriate include, but are not limited to, times when it is necessary to stop a disturbance, to obtain a weapon or other dangerous object, for purposes of self-defense or to protect the safety of others, to remove a disruptive student, to protect others from harm for the protection of property, or to protect a student from self-infliction of harm.

Sexual abuse includes, but is not limited to, sexual acts involving a student and intentional sexual behavior as well as sexual harassment. Sexual harassment is unwelcome sexual advance, request of sexual favors or other verbal or physical conduct of a sexual nature when submission is made either implicitly a term or condition of the student's education or benefits; submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or the conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile, or offensive educational environment. *EOE/AA*

### **Child Abuse**

Pupils will not be called to the telephone while in class except in an emergency situation.

Students may use the office telephone only when a special need exists. The student must receive permission from his/her teacher prior to using the telephone.

### **Guidance**

The purpose of the Guidance Department is to help students adjust to their present environment, to take advantage of the educational opportunities which meet their interests and learning capacities, to be aware of future educational and career opportunities, and to assist them in becoming increasingly and wisely self-directive.

To this end, the director of Guidance, with the cooperation of all other faculty members, carries on the work of this department by providing individual and group counseling, a testing program, and information services. Any student may apply to the director for aid or guidance in whatever problems that students may have. Also, any faculty member may refer a student to this department for necessary aid and guidance.

We strongly encourage parents to contact our Director of Guidance whenever they feel there is a need to discuss

their child's problems, school work, or goals.

### **National Honor Society**

The Sidney Chapter of the National Honor Society adheres to the following procedures in selecting new members for membership:

Students in grades 11 and 12 are eligible for membership. Candidates must have been in attendance at the school the equivalent of one semester. Students who have a minimum cumulative and current grade point average of 3.500 on a 4.000 scale are nominated for membership.

Those students who are eligible scholastically are sent a letter by the chapter advisor. They are asked to fill out a packet and return it by the designated deadline. Failure to return the packet to the chapter advisor by the deadline eliminates the nominee from further consideration. The information in the packet is considered by the faculty committee appointed each year by the high school principal. The chapter advisor serves as an "ex officio" member of that committee and is a non-voting member of the committee.

### **Special Services and Staff Assistance**

#### **Secondary**

Students are encouraged to make arrangements with teachers during their planning periods for additional time at school to adequately master their subject matter. Students are to get a pass slip from the teacher before school convenes or during the regular class period. Permission to see a teacher while having a class will not be allowed. Students should plan ahead, and not ask to leave during a class unless a pass has been issued.

### **Teacher Assistance Team**

The Teacher Assistance Team (TAT) is a building level group of teachers whose job is to provide assistance to other teachers in meeting the needs of students in their classrooms - average, gifted, special education students, and mainstreamed handicapped children. The team will deal with immediate, individual classroom concerns. Teachers or parents seeking assistance may enter a referral process by contacting the building principal. The team will meet to discuss methods to provide assistance to regular classroom teachers, enabling them (and parents) to more effectively meet the needs of students.

3. They are in the process of being immunized.
4. They are a transfer student from another school.

The district shall make a reasonable effort to locate immunization records from the information provided or shall arrange for the student to receive immunizations.

### **School Nurse**

A registered nurse is on duty half-time during the school day for children needing assistance. Various screening procedures such as vision, hearing, scoliosis, and health care programs will be carried out during the year. When a child becomes ill at school or has a fever of 100 degrees or more, the parent will be notified. We ask that a child not return to school following an illness unless the child is fever free (without taking any fever controlling medication, such as Tylenol) for 24 hours. If you are not sure how your child is feeling in the morning and you do send them to school, please send a note letting the school know where you can be reached or designate someone else for us to call.

Communicable diseases will be treated on an individual basis, according to the disease and upon the advice of the child's doctor and the school nurse. Children who are deemed contagious will be required to go home. In order to obtain care in the nurse's office during the school day, you must have the permission of the office. Students with symptoms of illness are expected to report to the office.

### **Administration of Medication to Students. Code No. 507.2**

Some students may need prescription and nonprescription medication to participate in their educational program. These students shall receive medication concomitant with their educational program. Medication shall be administered when the student's parent provides a signed and dated written statement requesting medication administration at school, and the medication is in the original labeled container, either as dispensed or in the manufacturer's container.

When administration of the medication requires ongoing professional health judgment, an individual health plan shall be developed by the licensed health personnel with the student and the student's parent. Students who have demonstrated competence in administering their own medications may self-administer their medication. A written statement by the student's parent shall be on file requesting co-administration of medication, when competence has been demonstrated.

Persons administering medication shall include the licensed registered nurse, parent, physician, and persons who have successfully completed medication administration course reviewed by the Board of Pharmacy Examiners. A medication administration course and periodic update shall be conducted by a registered nurse or licensed pharmacist and a record of course completion kept on file at school.

### **Wellness Policy**

The Sidney Community School District promotes healthy students by supporting wellness, good nutrition, and regular physical activity as part of the total learning environment. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential.

### **Technology Acceptable Use Policy for Students Code No. 605.6**

#### **INTERNET ACCESS - APPROPRIATE USE**

Because technology is a vital part of the school district curriculum, the Internet will be made available to employees

and students. Appropriate and equitable use of the Internet will allow employees and students to access resources unavailable through traditional means.

Students will be able to access the Internet through their teachers. Individual student accounts and electronic mail addresses may be issued to students. If a student already has an electronic mail address, the student will not be permitted to use the address to send and receive mail at school.

The Internet can provide a vast collection of educational resources for students and employees. It is a global network which makes it impossible to control all available information. Because information appears, disappears and changes constantly, it is not possible to predict or control what students may locate. The school district makes no guarantees as to the accuracy of information received on the Internet. Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information which may not be of educational value. Student Internet records and access records are confidential records treated like other student records. Students' Internet activities will be monitored by the school district to ensure students are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography or are harmful to minors. The school district will use technology protection measures to protect students from inappropriate access, including sites that include obscenity, child pornography or are harmful to minors.

The school district will monitor the online activities of students and will educate students about appropriate online behavior, including interacting on social networking sites and chat rooms. Students will also be educated on cyberbullying, including awareness and response. Employees will provide age appropriate training for students who use the Internet. The training provided will be designed to promote the school district's commitment to:

- The standards and acceptable use of Internet services as set forth in the Internet Safety Policy;
- Student safety with regard to:
  - safety on the Internet;
  - appropriate behavior while on online, on social networking Web sites, and
  - in chat rooms; and
  - cyberbullying awareness and response.
- Compliance with the E-rate requirements of the Children's Internet Protection Act

Employees and students will be instructed on the appropriate use of the Internet. Students will sign a form acknowledging they have read and understand the Internet Acceptable Use policy and regulations, that they will comply with the policy and regulations, and that they understand the consequences for violation of the policy or regulations.

### **INTERNET ACCESS- APPROPRIATE USE**

In compliance with federal law, this policy will be maintained at least five years beyond the termination of funding under the Children's Internet Protection Act (CIPA) or E-rate.

Any parent who wishes to deny having his/her child's personal works or photos published on the Web is to contact the building principal for the student.

**LAPTOP ACCEPTABLE USE POLICY FOR STUDENTS  
GRADES 7 - 12**

The Apple laptops and any accessories that have been issued to students are the property of the Sidney Community School District.

**The laptop is on loan to the student** and must be used in accordance with the following policies & procedures as well as those outlined in the Technology Acceptable Use Policy for Students:

- \* The student's parent/guardian must have signed prior to the student receiving a laptop.
- \* All previous years' technology assessments and/or charges for damage to the laptop or charger must be paid prior to the student receiving a laptop.
- \* Parent/guardians may be given the child's login name and password so that they can supervise the student's use of the computer.
- \* Parents, guardians and students should have no expectation of privacy for any use of the laptop computers or district network.
- \* The District has the right to randomly inspect any laptop, application, or peripheral device on any or all laptops on a regular basis. This includes but is not limited to browser history, email, media that has been accessed, downloaded or created, documents, pictures, and all files. The District has the right to review these items for appropriateness and to limit or revoke a student's access to them.
- \* Each laptop is assigned to an individual student and names should be visible on each laptop. Students should never "swap" or "share" their laptop with another student, friend, or sibling.
- \* Keep your login and password private; use by anyone other than yourself creates a security risk to your files and the network. If you forget your password or wish to change it, see the Technology Coordinator.
- \* Students must have their laptops and chargers with them at school. Students should bring the laptop to school fully charged.
- \* Use of the computer for anything other than teacher directed or approved activity is prohibited during instructional time (8:30 a.m.-3:30 p.m.) This includes but is not limited to internet or computer games and other entertainment activities, email, instant messaging, chat, and use of the internet for anything other than school-related research.
- \* Pornographic, obscene, or vulgar images, sounds, music, language or materials, including screen savers, backgrounds, and or pictures are prohibited. District policy will be followed.
- \* Installation of file sharing programs (i.e. Limewire) is forbidden. Using iTunes or similar programs to share music are also forbidden. Copyright laws must be followed at all times.
- \* Students are not allowed to download or install any software or other materials. District technology staff will perform all approved software installations.
- \* Computers are not to be used to make sound recordings without the consent of all persons being recorded. Sound on the laptop computer must be turned off at all times except when being used as part of the class. Use of personal headphones to listen to music is allowed with express permission of the classroom teacher.
- \* Computers are not to be used to take pictures without the consent of all persons being photographed. Cameras are to be turned off at all times except when being used as part of a class.
- \* Students will not use the laptop for illegal purposes. Students will not deliberately use the laptop to

personally attack, annoy, harass, or bully others. Any such activities will be reported to the appropriate local, state, or federal authorities; and appropriate consequences will be followed as outlined in the Technology Acceptable Use Policy for Students and other district policies.

- \* Students should be aware of personal safety when online and take appropriate measures to ensure their safety (see Technology AUP). In an effort to help ensure student safety while online, students in Grades 6, 7, & 8 may have limited access to social networking sites while using the school laptop.
- \* Student files will automatically “sync” with the server at login and logoff as well as periodically throughout the day. However, it is the student’s ultimate responsibility to make sure files are “synced” with the server in order to back up files. Music and picture files will not be backed up to the server. These files should be backed up to other sources such as a jump drive or CD. The District will limit the amount of storage space available to each student on the server, so only school-related files should be on the laptop and server and all files should be deleted when they are no longer needed. When you exceed your assigned storage limit, new files will not be saved to the server until older files are removed.
- \* The use of the Laptop is a privilege, not a right, and inappropriate use will result in loss of those privileges. Appropriate and responsible use is expected of all users. Violation of any policies or procedures outlined in the Technology Acceptable Use Policy or the Laptop Acceptable Use Policy will be subject to the appropriate disciplinary action as outlined in the AUP’s, in district policy, and at the discretion of the building principal.

### **GENERAL USE AND CARE OF THE LAPTOP**

- \* During the school day, students must have the laptop with them or stored in their locked school locker or designated storage cart. Laptops must never be left unattended. Laptops should not be left in classrooms or locker rooms. Unattended laptops will be picked up by faculty and given to the principal or technology coordinator.
- \* Students should take their laptop home with them or store it in their locked school locker.
- \* It is the responsibility of the students who take their laptops home to bring them to school every day. Failure to do this may result in losing the privilege of taking the laptop home.
- \* Never walk with the laptop lid open. This puts stress on the laptop and the screen.
- \* When transporting laptops between classes or to and from school, the laptop should always be placed in the carrying case with the case zipped. The laptop should be carried by the handle on the carrying case only—no shoulder straps or other straps may be used.
- \* Students should not use their laptop while walking or on the bus or other form of transportation. Laptops should be used on a flat, stable surface. Laptops should not be taken on school sponsored activity trips unless expressly needed for the activity.
- \* Laptops should be protected from extreme heat or cold. Laptops should never be left in a vehicle even if it is locked.
- \* Laptops should be protected from the weather, water, liquids, and pets. Eating or drinking near the laptops is strictly forbidden. Laptops cannot be used in the Commons during mealtimes.
- \* The student is responsible for care of the charger and extender cord. Do not let the cord “dangle” or pull or stretch the cord. Keep pets from chewing on the cords. Cords should be LOOSELY wrapped correctly using the “ears” provided on the charger to prevent damage to the cord when being stored.
- \* The LCD screen is the most sensitive part of the laptop. Avoid touching the LCD screen. Heavy objects should never be placed on top of the laptop. This includes books, musical instruments, sports equipment, etc. Laptops should never be placed in a backpack or book bag. The laptop should always be placed in the provided protective laptop case and carried by the handle of the case.
- \* Each student’s laptop and carrying case has his/her name displayed. This name should remain in place unaltered and clearly visible. Students who remove all or part of their name will be charged \$10 for a replacement.
- \* Students may not deface the laptop or carrying case in any way with stickers, tape, whiteout, markers, pens,

- engravings or any other items or marks.
- \* The laptop should be brought to the technology coordinator for cleaning. Never use sprays of any kind on the laptop.

### **DAMAGE COSTS**

- \* All appropriate acceptable use policies must also be signed by students and parents/guardians.
- \* Lost or damaged power adapters and/or batteries are not covered. These are the responsibility of the student.
- \* Any laptop that sustains accidental damage will be charged to the student for the cost of repair.
- \* Any laptop left in an unsecured school locker or classroom, or any other unsecured location, that is stolen or damaged will result in the student being responsible for replacing or repairing the laptop at 100% of the district cost.
- \* Any attempt to repair the laptop or intentional damage or malicious mischief to the laptop will result in the student being responsible for replacing or repairing the laptop at 100% of the district cost.
- \* All damage fees must be paid by the end of the current school year. Students with unpaid damage fees will not be issued a laptop or charger the following year until all fees are paid.

### **LAPTOP AUP CONSEQUENCES**

- \* Students who do not bring their laptops to school consistently or do not bring them charged, may be required to leave the laptop at school so it is available for educational use.
- \* Students who have excessive absences will be required to leave the laptop at school so it is available for educational use and may use the laptop when they are present.
- \* Students who are habitually neglectful of their laptop may be required to leave the laptop at school and use it only at teacher request.
- \* Students in Out-of School-Suspension (OSS) will have restricted program access during that time.
- \* Students in In-School Suspension (ISS) may use the laptop only for required school work and will have restricted program access.
- \* Students who have a cracked LCD screen will lose the laptop for five (5) school days. At the end of five (5) school days, the student will be issued a loaner laptop until repairs are completed on the student's laptop.
- \* Consequences for not complying with the use and care guidelines will result in the following consequences and a letter will be sent home to parents/guardians. In addition, other district policies may also be enforced and all other appropriate consequences as outlined in the Student Handbook may be applied.
  - 1<sup>st</sup> Offense: Confiscate 1 school day
  - 2<sup>nd</sup> Offense: Confiscate 1 school day/5 more school days with restricted programs
  - 3<sup>rd</sup> Offense: Confiscate 1 school day/20 more school days with restricted programs
  - 4<sup>th</sup> Offense: Confiscate 1 school day/restricted programs remainder of school year
- \* Students who allow another student whose laptop privileges have been revoked or restricted to use his/her laptop will also receive appropriate consequences as outlined above or as stated in the Technology Acceptable Use policy.

This Agreement represents an outline of the Laptop Policies & Procedures. By signing this Agreement, students and parents/guardians agree to follow the Policies & Procedures. Students and parents/guardians are encouraged to read and understand these Policies & Procedures prior to signing this Agreement.

**Grievance Procedure  
Title IX**

All students, parents or guardians of students, Sidney school staff, and applicants for employment in the Sidney School District shall have the right to file a formal complaint alleging non-compliance with regulations outlined in Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act 1973.

**Level One -- Principal or Immediate Supervisor**

**(This step is informal and optional -- it may be bypassed by the grievant.)**

Employees with a grievance of discrimination on the basis of gender, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the object of resolving the matter informally.

A student or parent with a complaint of discrimination on the basis of gender, race, national origin, or disability may discuss it with the teacher, counselor, or building administrator involved.

Applicants for employment with a complaint of discrimination on the basis of gender, race, national origin, or disability may discuss it with the Compliance Officer or with the Superintendent.

**Level Two - Title VI, Title IX, and Section 504 Compliance Officer**

If the grievance is not resolved at Level One and the grievant wish to pursue the grievance, they may formalize it by filing a complaint in writing on a Compliance Violation Form, which may be obtained from the Compliance Officer. The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at Level Two must be within fifteen (15) working days from the date of the event giving rise to the grievance or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Compliance Officer. A minor student may be accompanied at that meeting by a parent or guardian. The Compliance Officer shall investigate and attempt to resolve the issue. A written report from the Compliance Officer regarding action taken will be sent within 15 days after receipt of the complaint.

**Level Three -- Superintendent**

If the complaint is not resolved at Level Two, the grievant may process it to Level Three by presenting a written appeal to the Superintendent within ten (10) working days after the grievant receive the report from the Compliance Officer. The grievant may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Superintendent of his/her designee within ten (10) working days after receipt of the written

appeal.

This procedure in no way denies the right of the grievant to file formal complaints with the Iowa Civil Rights Commission, the Federal Office of Civil Rights or other agencies available for mediation or rectification of civil rights grievances, or to seek private counsel for complaints alleging discrimination.
