Place: WAUBONSIE STATE PARK
LODGE

Date: SUNDAY April 27th, 2025

Time: 1PM-4:30PM

Hunter Education Online Course + Field Day

The Online Hunter Education Course was designed for the busy student or working adult that cannot fit a traditional class into their schedule.

Students complete online hunter education coursework for Iowa and the student still needs to complete an Iowa Hunter Education Online Field Day. Field day Classes are limited and students will want to locate and register for a hunter education online field day class in their area prior to completing the online course work. Upon completion of the online coursework the student is issued a Field Day admission voucher which is valid for only one year. **They are to print the voucher and present that voucher to the instructor the day of the online field day for which they registered.**

Students must present a copy of their Hunter-Ed Field Day Voucher to the Instructor at the Field Day. The Field Day includes some classroom instruction and a possibility of live fire exercises. Students will then take a final exam where a score of 75% or better is needed to pass and obtain the Certificate of Completion.
